

CHAPTER V

CONCLUSION

A. Conclusion

From research that have been done, it can be concluded that there is positive correlation between *mah}abbah* and self efficacy. Hypothesis of this research is rightly answered. The result of product moment analysis between *mah}abbah* and self efficacy is obtained that the coefficient of r is 0,719. With significant value is 0,000 below 0,001. It is very significant. It means the correlation between *mah}abbah* and self efficacy is positive correlation. The higher the level of *mah}abbah* will make the level of self efficacy to be higher too.

B. Suggestion

Technically, this research has been finished. But actually it is far from perfect because researcher is just ordinary person who has many flaws. Researcher was actually aware of many flaws in this research. Researcher has many suggestions about this research.

- a. To evolve and optimize self efficacy that gives influence in student's success even when they are still in college or after graduating, so it is especially suggested to Ushuluddin faculty to help them in making their *mah}abbah* raise up. That's way they can view this life in positive side and make their attitude to be better even in college or in society.
- b. To the next researcher: this research is only considering in correlation quantitative study. Who interests to examine a similar research is hoped to examine more deeply about *mah}abbah* and self efficacy by experiment research.
- c. The instrument that arranged by researcher own self is proven valid and reliable. Researcher hopes it can be used by next researcher. About subject of the research, researcher hope, next researcher can add the subject to produce data analysis that can be generalized in general.

C. Closing

Those what the writer could perform about *mah}abbah* and self efficacy. Praises be to Allah, who has given everything to the writer. Because of His love and compassion, the writer would be able to complete this final task well on time that she wishes. Although the writer almost felt uncomfortable during completing this final task, but it is only one process that will make her to be better. It seems like there is no useful obstacles felt by the writer, surely, it because Allah is always by her side. Peace and salutation may be upon to beloved prophet Muhammad SAW, his inspiring attitude, indeed, inspires the writer strongly and bravely in facing the storm eventually comes closer in the process of work settlement.

From the depth of the heart, the writer says thanks to all those who have helped resolve this paper. The writer hopes that this paper provides a useful contribution for the science. As common human being, the writer is impossible free from mistakes, thus, she really excuses for those errors. And finally, to make her to be better, she needs critiques and comments that are constructive.
