

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusions

After conducting the research, the researcher concluded that: the use of English songs as media in the teaching writing descriptive text was effective. It was proved by the obtained score of t-test. The t-test showed that t-score 2.710 was higher than t-table 1.67. It meant that H_a was accepted and H_o was rejected. Since the t-score was higher than the t-table, there was a significance difference in the achievement between students in class VIII D as an experimental class that were taught using English songs and students in class VIII C who were taught descriptive text without English songs.

B. Suggestions

In English language teaching and learning at junior high school, the teacher must create enjoyable, fun and interesting situation as possible as the teacher can. In other words, the teacher should make learning more interesting because students like to learn when they are enjoying the situation.

From the conclusion above, there are some suggestions that are proposed by the researcher:

1. The teacher may use English songs in language learning because it help students to enjoy the lessons in their classes.
2. Teacher should prepare the equipment well. It means that before using english songs as media in language teaching. It will be better if teacher make sure that the qualities of equipment used are good enough.
3. Teacher should plan the time well. They should be careful in selecting english songs and considering its time duration and the length of time for writing activity.
