

CHAPTER V

CONCLUSSION AND SUGGESTION

A. Conclusions

Based on the finding and discussion in previous chapter, it could be concluded that the use of song lyrics to improve students' vocabulary of verb was very effective. The results of the data analysis are:

1. The average score of experimental group (the students who were taught by using song lyrics) was 49.20 for the pre test and 51.00 for the post test
2. The average score of control group (the students who were not taught by using song lyrics) was 56,80 for the pre test and 63.60 for the post test
3. Song lyric is effective to improve students' vocabulary of verb at eighth grade of MTs. Uswatun Hasanah Mangkang Semarang in academic year of 2009/2010. It was proved by the obtained score of t-test. The t-test showed that t-score 1.855 was higher than t-table 1.68. It meant that H_a was accepted and H_o was rejected. Since the t-score was higher that the t-table, there was a significance difference in the achievement between students in class VIII A who were taught vocabulary of verb using song lyrics and students in class VIII B who were taught vocabulary of verb without using song lyrics (using conventional method).

B. Suggestions

From the conclusion above, there are some suggestions that are proposed by the writer:

1. Teacher should use interesting media to teach English because students believe that English language is difficult
2. This research has found out that teaching English vocabulary of verb using song lyrics to improve students is effective. The writer hopes to support the teacher using song lyrics in the teaching vocabulary of verb.
3. Teacher should plan the time well. They should be careful in selecting the song.
