ABSTRACT

Keywords: The Effectiveness, Students’ Ability, Speaking, Scrambled Pictures, Narrative Text.

The objectives of this study were to describe The Effectiveness of Using Scrambled Pictures to Improve The Students’ Ability in Speaking Narrative Text.

The subjects of this study were the students at grade X of SMK Bhakti Kencana Subah Batang in The Academic Year of 2010/2011. The number of the subjects was 70 students. In taking the sample, the writer uses purposive random sampling technique. This research is quantitative and research design used is quantitative. Class X A is chosen as Experimental group who were taught speaking narrative text by using scrambled pictures. And class X B chosen as control group who taught speaking narrative text without scrambled pictures.

Based on the results of the research, the result shows the average score for the experimental class is 62,56 for the pre test and 75,84 for the post test. While the average for control class is 60,96 for the pre test and 69,76 for the post test. In the post test of experimental 75,16 which higher than the Control class 70,2. From the calculation using the t-test showed that t value is higher than t table that = 2,153 and t table for alpha= 5% was 1,68. It means that t value is higher than t table (2,153 > 1,68). It can be concluded that there is a significant difference in students’ ability score between students who were taught speaking narrative text using scrambled pictures than students who were taught without it. So, we can conclude that teaching speaking narrative text using scrambled pictures is effective, and so the hypothesis is accepted.
ACKNOWLEDGEMENT

Alhamdulillah, the writer would like to thank to Allah for blessing, health, and chance, and inspiration given to the writer during the writing this thesis. The writer could finish this thesis because of guidance, supports, and help, from many people. So, that the writer would like to express his gratitude to the followings:

1. Dr. Suja’i, M. Ag., the Dean of Tarbiyah Faculty of State Institute.
2. Dra. Siti Mariam, M. Pd., as the first advisor. Thank you for the guidance, corrections, and suggestions.
3. Drs. Sugeng Ristiyanto, M. Ag., as the second advisor. Thank you for the guidance, corrections and suggestions.
4. Widi Novianto, S. Pd., as the headmaster of SMK Bhakti Kencana Subah Batang for allowing her to conduct the research.
5. Hani’atul Mamlu’ah, S. Pd., the teacher of SMK Bhakti Kencana Subah Batang, for helping him during the research.
6. Keperawatan students, for the times to be the subjects of this research.
7. Everybody who helps him finishing his research.

Finally, the writer hopes this thesis can give some values to the students of SMK Bhakti Kencana Subah Batang, English teachers and readers especially in improving speaking teaching learning. The writer admits that this thesis far from a perfection, so that the writer will accept any suggestions from the readers. And may Allah always keeps us on the right path. Amine.
