Results of the research showed that the students had also improved their writing skills in almost of the five writing elements (content, mechanic, organization, vocabulary and grammar). They became better in composing and arranging procedure texts efficiently and effectively.

B. Suggestion

To make a success teaching learning, a teacher must try to create conducive situation in their class. An enjoyable relationship between teacher and students is the most important thing in teaching learning activities. So that both of teacher and students will get success together through a good communication.

Teaching writing procedure text using series of pictures for the seventh grade students of junior high school is not easy as we thought, there are many difficulties both of teacher and students had. The seventh grade students of junior high school are categorized children. They often bored and sometimes losing their motivation to learn English. As a professional teacher, we must always push their enthusiasm in learning English by several ways as well as we can.

In the end, the writer realizes that this paper is far from being perfect, because of that; constructive critics and advice are really expected for the perfection of the thesis. Finally, the writer hopes that this study can be useful for all of us. Amen.
