

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Based on the result of the research had been done in two cycles in the research entitled “The Use of National Geographic Kids’ Short Documentary Film to Improve Students Speaking Ability in Presenting Report” (A Classroom Action Research at the Eleven Grade of MAN Kendal in the Academic Year of 2016/2017). It can be taken the conclusions as follows:

1. The students’ response during taught by national geographic kids documentary film in the first cycle, there were many of students paid attention to the lesson but in question session, most of students were shy to ask question in the class. In the second cycle, the students paid attention to the lesson. Most of them were actively involved in the questions and answer sessions and had more discussion. So, all activities ran well in this cycle.
2. Based on the data got from the presentation test and observation which had been conducted and analyzed in the previous chapter, it can be concluded that national geographic kids short documentary film is effective to improve students speaking ability in presenting report. They understood and can practice well the presentation test of report text in front of their friend. It showed by the score of pre-cycle, first cycle and

3. second cycle. In the pre-cycle was found the total score of students' speaking result was 59, it meant was 59 %. It showed that the value of students' speaking presentation test were fair. In the first cycle was found the total score of students' speaking presentation test result was 64, it meant was 64%. It showed that the value of students' speaking presentation test result was better than pre-cycle. There was an enhancement although it hasn't reached the KKM. In the second cycle was found the total score of students' speaking presentation test result was 70, it means was 70%. It showed that the value of students' test result was excellent.

B. Suggestions

There are some suggestions for the students and the English Teacher as follows:

1. To the teachers

Teachers are expected to use national geographic kids documentary film as the media especially in teaching speaking of report text. By using this film as the media, teacher can expect students' speaking ability in presenting report well. Teachers are expected to develop the teaching speaking of report text by explore many text variations so that the students are able to know many report text theme.

Furthermore, this media can also be applied in teaching speaking other texts, but the film must be

appropriate with the text. The example is in teaching speaking narrative text by using narrative film as the media.

2. To the students

Students have to learn presenting report by imitate not only in one documentary film and keep trying to present the text in front of people.

C. Closing

The true praise only belongs to Allah, who gives power and health until this final project can be done. The writer believes that this research is far from the perfectness. Therefore, constructive criticism and advices are really expected. Finally, the writer hopes that it can be useful for her and for the readers in general. Amin.
