# CHAPTER V CONCLUSIONS AND SUGGESTIONS

#### A. CONCLUSIONS

After finishing her research, the writer will draw some conclusions as the result of the study at the seven grade students of MTs Nahdlatusy Syubban Sayung Demak in academic year 2009/2010 on the use of quartet cards in improving students' achievement of simple noun phrase.

Based on this research, the writer conclude that using quartet cards as teaching media/aids in teaching simple noun phrase can improve the students' achievement and also motivate the students in learning English, especially simple noun phrase. Because it can create fun, competitive, and consequently memorable learning in English subject. It can be seen from the significant improvement of students' score from the pre-liminary research until the last cycle.

This study concluded as follow:

- 1. The implementation of quartet cards as teaching media/aids in teaching simple noun phrase are:
  - a. Teacher shows some pictures and asks the students to arrange simple noun phrase based on the pictures.
  - b. Teacher shuffles a pack of cards and deals cards to each students.
  - c. Teacher determines the first group, second group, third group, etc.
  - d. The students take turns to ask other player for particular cards.
  - e. If the player who asked has the cards; he/she must give it up to the person who asked for it.
  - f. If one player can collect one group (consist of four cards), he/she has to put the cards down.

- g. The player who has collected the most families at the end of the game is the winner.
- h. Teacher asks the students to discuss the parts of speech based on their cards with their group.
- i. A volunteer from each group comes forward and tells the result of their discussion to the class.
- 2. The improvement of students' undeerstanding in learning simple noun phrase using quartet cards:

This research showed that the use of quartet cards can improve the students' understanding of simple noun phrase. There were significant improvement of students' achievement in each cycle. Based on the calculation result after getting all of treatment using quartet cards, the average of students' achievement increased along with the increase of the students' achievement in simple noun phrase, that were the average of students' achievement from the first cycle test is 61.62, with the lowest score is 30 and the highest score is 100, the average of students' achievement in the second cycle test is 72.09, with the lowest score is 30 and the highest score is 100, and the average of students' achievement in the third cycle test is 78.37, with the lowest score is 40 and the highest score is 100.

### **B. SUGGESTIONS**

Based on the result of this research positievely indicates that there is positive effect using quartet cards in teaching simple noun phrase. Some suggestions for the teaching and learning English are proposed as follows:

- 1. To English Teacher
  - a. The English teacher should be selective in choosing teaching media/aids to help his/her job in explaining the material.

- b. Teacher also should not remain passive and give up all efforts to make improvements both in his/her performance in class and the understanding of the students to the material.
- c. The English teacher should give motivation to the students in teaching learning English.
- d. The English teacher may find some creative learning in English in order to avoid students' feeling of boredom.
- e. This study could give contribution to the English teacher and the reader to improve their ability in teaching English.

#### 2. To the students

- a. The students can enrich their experience and knowledge in learning English through quartet cards.
- b. The students may enrich their learning experience by going English club, students English forum, etc. Those activities will improve their English competence.

## C. CLOSING

Praise be to Allah SWT, hat has been giving protection and guidance so that this thesis can be finished.

Thus, this thesis is served to the readers. The writer realizes that it is still less perfect. The writer hopes any suggestions and criticisms to make it perfect. Hopefully, this paper is useful for all of us. Amin.
