Hello

Hello, it's me
I was wondering if after all these years you'd like to meet
To go over everything
They say that time's supposed to heal ya
But I ain't done much healing
Hello, can you hear me
I'm in California dreaming about who we used to be
When we were younger and free
I've forgotten how it felt before the world fell at our feet
There's such a difference between us
And a million miles

Hello from the other side
I must have called a thousand times
To tell you I'm sorry for everything that I've done
But when I call you never seem to be home
Hello from the outside
At least I can say that I've tried
To tell you I'm sorry for breaking your heart
But it doesn't matter it clearly doesn't tear you apart anymore

Hello, how are you
It's so typical of me to talk about myself I'm sorry

I hope that you're well
Did you ever make it out of that town where nothing ever happened
It's no secret that the both of us
Are running out of time
So hello from the other side
I must have called a thousand times
To tell you I'm sorry for everything that I've done
But when I call you never seem to be home
Hello from the outside
At least I can say that I've tried
To tell you I'm sorry for breaking your heart
But it doesn't matter it clearly doesn't tear you apart anymore
(Highs highs highs highs
Lows lows lows lows x4)
Hello from the other side

Send My Love (To Your New Lover)

This was all you
None of it me
You put your hands on
On my body and told me
Told me you were ready
For the big one
For the big jump
I'd be your last love
Everlasting you and me
That was what you told me
I'm giving you up
I've forgiven it all
You set me free
Send my love to your new lover
Treat her better
We've gotta let go of all of our ghosts
We both know we ain't kids no more x2
I was too strong
You were trembling
You couldn't handle the hot heat rising
Baby I'm still rising

I was running you were walking
You couldn't keep up you were falling down
There's only one-way down
I'm giving you up
I've forgiven it all
You set me free
Send my love to your new lover
Treat her better
We've gotta let go of all of our ghosts
We both know we ain't kids no more x2
(If you're read if you're ready if you're ready I am ready)
I'm giving you up
I've forgiven it all

When We Were Young

Everybody loves the things you do
From the way you talk
To the way you move
Everybody here is watching you
'Cause you feel like home
You're like a dream come true
But if by chance you're here alone
Can I have a moment before I go
Cause I've been by myself all night long
Hoping you're someone I used to know
You look like a movie
You sound like a song
My god this reminds me
Of when we were young
Let me photograph you in this light
In case it is the last time that we might
Be exactly like we were before we realized
We were sad of getting old it made us restless
It was just like a movie
It was just like a song
I was so scared to face my fears
Nobody told me that you'd be here

And I swear you moved overseas
That's what you said when you left me
You still look like a movie
You still sound like a song
My god this reminds me
Of when we were young
Let me photograph you in this light
In case it is the last time that we might
Be exactly like we were before we realised
We were sad of getting old it made us restless
It was just like a movie
It was just like a song
(When we were young x4)

It's hard to admit that everything just takes me back to when you were
there

To when you were there

And a part of me keeps holding on just in case it hasn't gone I guess I
still care

Do you still care
It's was just like a movie
It was just like a song
My god this reminds me
Of when we were young
(When we were young x 4)

Remedy

I remember all of the things that I thought I wanted to be
So desperate to find a way out of my world and finally breathe
Right before my eyes I saw
My heart it came to life
This ain't easy
Its not meant to be
Every story has its scars
But when the pain cuts you deep
When the night keeps you from sleeping
Just look and you will see
That I will be your remedy
When the world seems so cruel
And your heart makes you feel like a fool
I promise you will see
That I will be, I will be your remedy
No river is too wide or too deep for me to swim to you
Come whatever I'll be the shelter that won't let the rain come through
Your love it is my truth and I will always love you
Love you
When the pain cuts you deep
When the night keeps you from sleeping
Just look and you will see
That I will be your remedy
When the world seems so cruel

And your heart makes you feel like a fool

Just look and you will see

That I will be your remedy

When the pain cuts you deep

When the night keeps you from sleeping

When the world seems so cruel

And your heart makes you feel like a fool

Just look and you will see

That I will be, I will be your remedy

Appendices 6

Water Under the Bridge

If you're not the one for me
Then how come, I can bring you to your knees
If you're not the one for me
Why do I hate the idea of being free
And if I'm not the one for you
You've got to stop holding me the way you do
Oh honey if I'm not the one for you
Why have we been through what we have been through
It's so cold out here in your wilderness
I want you to be my keeper but not if you are so reckless
If you're gonna let me down
Let me down gently
Don't pretend that you don't want me
Our love ain't water under the bridge X2
Say that our love ain't water under the bridge
What are you waiting for
You never seem to make it through the door
And who are you hiding from
It ain't no life to live like you're on the run
Have I ever asked for much
The only thing that I want is you love
If you're gonna let me down
Let me down gently

Don't pretend that you don't want me
Our love ain't water under the bridge X2
Say that our love ain't water under the bridge
It's so cold out here in your wilderness
I want you to be my keeper but not if you are so reckless
If you're gonna let me down
Let me down gently
Don't pretend that you don't want me
Our love ain't water under the bridge X2

Say that our love ain't water under the bridge)

River Lea

Everybody tells me its 'bout time that I moved on
That I need to learn to lighten up and learn how to be young
But my heart is a valley it's so shallow and manmade
I'm scared to death if I let you in that you'll see I'm just a fake
Sometimes I feel lonely in the arms of your touch
But I know that's just me cause nothing ever is enough
When I was a child I grew up by the River Lea
There was something in the water now that something's in me
I can't go back but the reeds are growing out of my fingertips
I can't go back to the river
But it's in my roots
In my veins
In my blood
And I stain
Every heart that I use to heal the pain x2
So I blame it on the River Lea River Lea River Lea
I should probably tell you now before its way too late
That I never meant to hurt you or to lie straight to your face
Consider this my apology I know its years in advance
But I would rather say it now in case I never get the chance
Oh I can't go back but the reeds are growing out of my fingertips
I can't go back to the river

But it's in my roots

In my veins

In my blood

And I stain

Every heart that I use to heal the pain x2

So I blame it on the River Lea River Lea River Lea

Appendices 8

Love In The Dark

Take your eyes off of me so I can leave
I'm far too ashamed to do it with you watching me
This is never ending we have been here before
But I can't stay this time cause I don't love you anymore
Please stay where you are don't come any closer
Don't try to change my mind I'm being cruel to be kind
I can't love you in the dark
It feels like we're oceans apart
There is so much space between us
Baby we're already defeated
Everything changed me
You have given me something that I can't live without
You mustn't underestimate that when you are in doubt
But I don't want to carry on like everything is fine
The longer we ignore it all the more that we will fight
Please don't fall apart I can't face your breaking heart
I'm trying to be brave stop asking me to stay
I can't love you in the dark
It feels like we're oceans apart
There is so much space between us
Baby we're already defeated
Everything changed me

We're not the only ones
I don't regret a thing
Every word I've said
You know I'll always mean
It is the world to me
That you are in my life
But I want to live and not just survive
That's why I can't love you in the dark
It feels like we're oceans apart
There is so much space between us
Baby we're already defeated
Everything changed me

Appendices 9

Million Years Ago

I only wanted to have fun
Learning to fly learning to run
I let my heart decide the way
When I was young
Deep down I must have always known
That this would be inevitable
To earn my stripes I'd have to pay
And bare my soul
I know I'm not the only one
Who regrets the things they've done
Sometimes I just feel it's only me
I wish I could live a little more
Look up to the sky not just the floor
I feel like my life is flashing by
And all I can do is watch and cry
I miss the air I miss my friends
I miss my mother I miss it when
Life was a party to be thrown
But that was a million years ago
When I walk around all of the streets
Where I grew up and found my feet
They can't look me in the eye
It's like they're scared of me

I try to think of things to say
Like a joke or a memory
But they don't recognize me now
In the light of day
I know I'm not the only one
Who regrets the things they've done
Sometimes I just feel it's only me
Who never became who they thought they'd be
I wish I could live a little more
Look up to the sky not just the floor
I feel like my life is flashing by
And all I can do is watch and cry
I miss the air I miss my friends
I miss my mother I miss it when
Life was a party to be thrown
But that was a million years ago
A million years ago

Appendices 10

All I Ask

I will leave my heart at the door
I won't say a word
They've all been said before you know
So why don't we just play pretend
Like we're not scared of what is coming next
Or scared of having nothing left
Look don't get me wrong I know
There is no tomorrow
All I ask
Is if this is my last night with you
Hold me like I'm more than just a friend
Give me a memory I can use
Take me by the hand while we do
What lovers do
It matters how this ends
Cause what if I never love again
I don't need your honesty
It's already in your eyes
And I'm sure my eyes they speak for me
No one knows me like you do
And since you're the only one that mattered
Tell me who do I run to

Look don't get me wrong I know

There is no tomorrow

All I ask

Is if this is my last night with you

Hold me like I'm more than just a friend

Give me a memory I can use

Take me by the hand while we do

What lovers do

It matters how this ends

Cause what if I never love again

Let this be our lesson in love

Let this be the way we remember us

I don't want to be cruel or vicious

And I ain't asking for forgiveness

All I ask

Is if this is my last night with you

Hold me like I'm more than just a friend

Give me a memory I can use

Take me by the hand while we do

What lovers do

It matters how this ends

Cause what if I never love again

Sweetest Devotion

With your loving
There ain't nothing
That I can't adore
The way I'm running with you honey
Means we can break every law
I find it funny that you're the only one I never looked for
There is something in your loving
That tears down my walls
I weren't ready then
I'm ready now
I'm heading straight for you
You will only be eternally
The one that I belong to
The sweetest devotion
Hit me like an explosion
All of my life I've been frozen
The sweetest devotion I know
I'll forever be whatever
You want me to be
I'd go under and all over
For your clarity
When you wonder
If I'm gonna lose my way home just remember
That come whatever I'll be yours all along

I weren't ready then
I'm ready now
I'm heading straight for you
You will only be eternally
The one that I belong to
The sweetest devotion
Hit me like an explosion
All of my life I've been frozen
The sweetest devotion I know
I've been looking for you baby
In every face that I've ever known
And there is something about the way you love me
That finally feels like home
You're my light you're my darkness
You're the right kind of madness
You're my hope you're my despair
You're my scope of everything everywhere
The sweetest devotion
Hit me like an explosion
All of my life I've been frozen
The sweetest devotion I know x2

Biography of Adele

Adele is one of the greatest singer in the world. She has received 105 awards from 213 nominations during his career as a professional singer. She is the recipient of a BT Digital Music Award, 8 Brit Awards, an Academy Award, a Golden Globe Award, 10 Grammy Awards, 13 Billboard Music Awards, and 4 American Music Awards.

Adele's real name is Adele Laurie Blue Adkins. Her father chooses the middle name Blue for his baby girl because of his love of blues music. She is born in the hardscrabble North London community of Tottenham to art student Penny Adkins and Welsh plumber Mark Evans on May 5th 1988.

Her career as a professional singer started when she was at the age of four years and has stated the Spice Girls heavily influenced her decision to start. She used to give little concerts in her room for her mother and her friends. As her mother was quite arty, she helped a young Adele impersonate Gabrielle by making an eye patch for her to wear. At the age of 11, the family moved to Brighton but returned to Brixton where Adele remembers watching Pink in concert.

In 2002, when Adele was teenager, she was accepted to the BRIT School for Performing Arts and Technology, a high

school that has turned out musical superstars like Amy Winehouse, Leona Lewis and Jessie J.¹

In May 2006, she graduated and joined other famous alumni such as Amy Winehouse, Kate Nash and the Feeling. She records three songs for a class project and sends them to a friend, who then uploads the tracks to MySpace. The songs then became an Internet sensation. This is the first stepping stone as her professional career when she was first noticed by record labels despite the fact she had had a MySpace page since the end of 2004 and land her a deal with XL Records.

In January 2008, Adele releases her debut album, 19, was named for her age at the time which boasts the soulful singles "Chasing Pavements" and "Hometown Glory." Rolling Stone raves that her voice is "a voluptuous, slightly parched alto that swooped and fluttered like a Dusty Springfield student trying to upstage her teacher, or at least update the rules."²

It went straight to number one after the success of her second single Chasing Pavements, which had been released two weeks previously on 18 January. This song debuted at number two and stayed in the UK charts for four months.

Adele was nominated for the Mercury Prize for her album in 2008 as well as a Q Awards nomination for Best Breakthrough Act. She won an Urban Music award for Best Jazz Act before signing with Columbia Records to start her foray into the US.

She started a tour of North America and 19 was released in June 2008 but by October that year it appeared as though she wouldn't make it in the US. She had cancelled some of her tour dates to be with a former boyfriend and was drinking too much.

In November 2008, she moved to Notting Hill and gave up drinking. In February 2009, her debut album went platinum in the US having sold 2.2 million copies. She also won Grammys for Best New Artist and Best Female Vocal Performance in 2009 and was nominated for three BRIT Awards.³

A year later, Adele, the 20-year-old newcomer takes home the awards of the 51st Annual Grammy Awards for best female pop vocal performance for her hit "Chasing Pavements" and the coveted best new artist trophy.

Adele's second album 21, which was her age at the time, was released on 24 January 2011 in the UK and on 22 February in the US. She has claimed that the album was inspired by her

break-up with a former partner. It was a change in direction from her first record as it incorporated aspects of country music.

It reached number one in more than 26 countries including the UK and US, while an emotional performance of *Someone Like You* at the Brits on 15 February 2011 rocketed the track to number one. Adele's first album also re-entered the charts while her first two singles from 21 – *Rolling In The Deep* and *Someone Like You* were both in the top five. For the first time since the Beatles in 1964, a living British musician had two singles and two albums in the top-five at the same time.⁴

By December 2011, both songs had broken sales records and her second album had sold more than 3.4 million copies. It also overtook Amy Winehouse's *Back to Black* as the best-selling album of the 21st century.

Her third single from the album *Set Fire to The Rain* also reached number one and Adele embarked on a worldwide tour in October 2011. However, In October 2011 Adele got a disaster on her voice. She had to cancel two shows to undergo

vocal cord surgery in the US due to a vocal cord hemorrhage that could have led to permanent damage of her voice.⁵

Since then, she has recovered and won six Grammy as well as five Brits. 21 went back to number one in February 2012 and has become the fifth best-selling album of all time in the UK. This year became so glamorous for her and she got a new title on her name "a Trophy Girl".

Adele gave birth to a son, Angelo, on 19 October 2012. The father is her partner Simon Konecki, whom she moved in with in February 2012. When she back to her recording, in 2013, She brought home her third award of the 2013 red carpet season, Adele becomes an Oscar winner after "Skyfall" is named Best Original Song.

In November 2015, Adele released an album "25", that is a collection of emotional, sometimes plaintive songs looking at the ins and outs of relationships, owing much of its sound to traditional pop craft. The album was so phenomenal, it reached No. 1 on iTunes in 110 countries. In the United States only, "25" has been sold more than 3.38 million copies in seven days, beating the 'N Sync record of 2.42 million album copies
